Lab 2

daunt.pop@insa-rouen.fr

The purpose of this lab is to practice writing basic web pages with HTML and CSS

1. **Build pet's website from scratch**

    For this exercise, open up your text editor and follow along with what we do on the projector. Starting from a blank file, we will:

    - Use basic HTML tags to define the overall structure of a web page.
    - Add some text content to the web page.
    - Add an image to the web page.
    - Separate the web page into sections and give each section a heading.
    - Apply some basic style to the sections using CSS rules.

2. **Favorite TV shows**

    - Choose one of the favorite TV shows

    - Use HTML tags and CSS proprieties to define the overall structure of a web page.
    - Create 3 pages using the same design and connect them to the index.html
    - use minimum 3 different HTML/CSS Text Formatting
    - use minimum 3 boxes/containers
    - pay attention to the design, it should not be chaotic

3. **Favorite Book**

    - Choose one of the favorite book

    - Use HTML tags and CSS proprieties to define the overall structure of a web page.
    - Use only one web page index.html
    - Create minimum 5 sections/box for minimum 5 pages/ chapters from book
    - use minimum one table / navigator for chapters
    - pay attention to the design, it should not be chaotic
    - create a design as attractive as possible

4. Five pages

For this exercise, open up your text editor and follow along with what we do on the projector. Starting from a blank file, we will:

- Use HTML tags and CSS proprieties to define the overall structure of a web page.
- Create five pages using the same design and connect them to the index.html
- offers a theme for the project, eg presentation of a band, book, cinema, bank etc
- Add some text content to the web pages.
- use minimum 3 different HTML/CSS Text Formatting
- use minimum 3 different color text
- use minimum 2 image per web site
- use minimum one table / navigator
- minimum 3 lists
- pay attention to the design, it should not be chaotic
